

SUMMARY

Motivated and detail-oriented Full Stack Developer with hands-on experience building responsive, user-friendly web applications. Passionate about clean code, modern UI design, and continuous learning. As a recent graduate, I am eager to apply my skills to real-world projects and grow within a collaborative team environment.

SKILLS

Expertise: JavaScript | HTML5 | CSS3 | React.js | Next.js | Tailwind CSS

Comfortable: Node.js | Express | MongoDB | BetterAuth

Tools: Git | GitHub | VS Code | Postman

PROJECTS

SkillSphere (Online Learning Platform)

[Live Link](#)

Technologies used: React.js | BetterAuth | Tailwind CSS | MongoDB

- A modern learning platform where users can browse courses, watch lessons, and enroll in skill-based programs.
- Features protected routes, real-time search, and full authentication using BetterAuth.

Note Keeper (Note Taking App)

[Live Link](#)

Technologies used: Next.js | Node.js | MongoDB

- A minimalist note-taking app with full CRUD operations via a RESTful API.
- Clean UI, fast performance, and seamless data persistence.

SportNest (Strength Tracker)

[Live Link](#)

Technologies used: React.js | Node.js | Express | MongoDB

- A full-stack web app for tracking personal fitness goals, strength levels, and progress.
- Features a responsive dashboard with visual progress indicators.

EDUCATION

International Standard University
B.Sc. in CSE

LANGUAGE

- Bengali (Native)
- English (Basic English Conversation)
